

December 2014

Beloved Supporters and Friends,

I can't believe that my year in Mexico City is coming to a close. I have seen God work in so many ways. His ways of working in and through people are so amazing that sometimes my brain just can't wrap around it. We are such a small part of what He does, yet He still desires to include us!

Mexico Ministry

Through the community center outreach in three different communities in Ixtapaluca, relationships are formed and people experience the love of Christ worked out in a tangible way. Through these relationships, people come to church, some become believers and begin a whole new way of life. I thank God for the part He has allowed me to play here this past year. I will be sad to leave, but I am eager to return to Texas!

Future Plans

I am sure you all know of my wedding plans. And depending on when you receive this letter, I may already be married! I am SO excited about this! Scot and I are eager to begin a new life together and we both appreciate the support and prayer you have given us this past year. We ask for your continued prayers as we make decisions about our future.

Another part of my ministry while I have been in Mexico is Camino Global's online ministry, **ObreroFiel.com**. I have been working with the team to improve the user interface

and maintain site efficiency. **With almost 20 websites on the network and 175 volunteers/online missionaries, it is a very large undertaking**, and I have been asked to continue on in this ministry. To do this, I will be transitioning into long-term ministry with Camino Global. We are very excited about this transition, but we need your input and prayer.

This ministry is a far-reaching outreach to Spanish speakers around the world who do not have access to spiritual resources, discipleship and encouragement. ObreroFiel has more than 175 volunteers who interact with people searching for spiritual help online. Please take a moment to read the next page for a better idea of this ministry. You may also view this video that explains the goals and impact of ObreroFiel.com (<http://obrerofiel.org/video/>). And please feel free to ask any questions you may have.

A mural I painted for a Camino church plant in the entrance of their new church property. These two volcanoes grace the horizon of the community (at least when the sky is clear).

Community outreach for adults and children with painting classes, as well as English, baking, country line dancing, exercise, crafts, music, etc.

Continued Support

Although state-side, this is still a missionary position and requires support raising. **ObreroFiel is a missions outreach and depends on faithful supporters, like you, to be able to continue its ministry.** I ask that you would consider continuing your support to allow me to serve in this capacity. Your timely response to this letter will help me to determine if this is something I will be able to do.

Please email me within the week about your intention to support (or to not continue support). We need to assess our status so we can find more support to fill empty spaces if necessary.

Appreciation

Again, you have been an amazing part of my journey in Mexico. **Your faithful giving has been used by God** and will continue to be cultivated by the remaining team in Mexico. They send their thanks to you as well.

Blessings to you all,
Jessica Nixon

"Your response clears up a lot of my questions. By the grace of Christ I am being cleansed from 40 years of religious malice as a leader of a cult in Argentina."

- Carlos

"I have downloaded so much material from your website which has been a huge help in my Bible classes for children."

- Elizabeth

"I learned so much in this last lesson. I live with my grandparents and they are interested in studying the Bible. Can I make copies of the lessons and teach them too?"

- Ana Gabriela
